

# Master Thesis Projects

## Master Thesis Project – Timeline

- \* **Literature (2 months):** In the first part of the master thesis project, the student should become familiar with the topic as well as the existing literature in the field.
- \* **Project (2 months):** In the second part, the research and/or investigation of the assigned problem should be carried out.
- \* **Report (2 months):** In the third part, the student should write a report containing an introduction to the field, present his/her results, as well as write a summary and conclusions chapter of the work. At the end, the student should present his/her work in a seminar.

The master student should preferably be present (office hours) at the department during the whole period of the master thesis.
